

Safety Policy

Safety is the first priority in all our business activities. We are committed for creation, and implementation of an explicit 'proactive Safety Management System' at Durgapur Airport by adopting the Regulatory guidelines and the best industrial practices.

Our vision is to eliminate unsafe aviation occurrences and to provide a safe and healthy work environment for employees and stakeholders in the work place.

Our commitment is to:-

- Clearly define for management and staff alike, their accountabilities, roles and responsibilities under the 'Safety Management System' for the development and delivery of Safety Strategy and Performance;
- Timely communicating Safety Policy, information regarding other safety related issues to regulatory Authorities, facilitating agencies, associates and all the internal and external stake holders involved in the business at our airport;
- Encourage all the internal and external stake holders to report potential safety hazards without fear of reprisal;
- Establish hazard identification and risk management programs, including a hazard reporting system, in order to bring the level of risk to 'As Low As Reasonably Practicable'(ALARP);
- Through training and continued education, encourage all the internal and external stake holders to perceive and discharge their safety responsibilities in their daily work;
- Ensure that sufficient skilled and trained resources are available to implement this safety policy;
- An open and transparent Safety Culture will be created and promoted so that we can learn from events/near-events,
- Recognize and suitably reward outstanding Safety Performance;
- Penalize intentional un-acceptable Safety Behaviors;
- Ensure performance of outsourced processes are meeting industrial Safety performance standards;
- Review the effectiveness of 'Safety Management System' and take suitable steps to achieve continuous improvement.

Apurva Sharma

Accountable Executive (Head of Airport Operations)

KNI Airport (Durgapur)
